The Friends of the Amherst Library September Art Show

The featured artist at the Amherst Town Library for the month of September is Barbara Alden-Campbell of Hancock. Working in oils, Barbara captures the beauty and mood of her landscapes and scenes.

Boston Museum School and took painting and life drawing classes in Cambridge and Boston. Barbara also studied with Numael Pulido in Italy, with Sharon Yates in Canada and spent eleven years studying with New Hampshire artist Sidney Willis.

Wilton Gregg Free Library Artist of the Month for September

Wilton's Gregg Free Library is proud to announce that Mary Graham will be showing her oil paintings in the library rotunda the entire month of September. Mary's reputation as a powerful and appealing artist is growing throughout New Hampshire and she is represented in galleries on the seacoast as well as in the Monadnock region. Her recent work focuses on landscape, primarily of northeastern wilderness.

"I make art as a way to explore space and to find meaning in the encounter of the "otherness" of nature....My work invites the release of concepts in favor of an experience of the senses, an opportunity not to escape the world, but to re-connect with what is real."

Mary Graham oils on exhibit during September

Mary was born in New York City where she worked as a designer and scenic artist in New York theater, opera, ballet and on Broadway for several years before moving to New Hampshire in 1987. In 2008 she was awarded a month-long artist's residency in Dinan, France and also painted extensively in Provence, Tuscany, England and Ireland.
