

Historic Amherst

Reflections of Christmastime

An Online Photo Essay

Over the years, the staff and photographers from The Amherst Citizen have assembled a treasured collection of photographs which capture the glimmer and glow of Christmastime in Amherst.

We would like to share these photos with the community as our way of saying thank you and Merry Christmas. Four slideshows depict the elaborate decorations, peaceful snow scenes, decorated trees, festive table settings, lavish and simple room décor, the annual Tree Lighting Festival, doorways, window candles and white lights everywhere!

To view our photo essay online, visit: www.amherstcitizen.com and click on the link. Be sure to check back often as we will be adding and changing slideshows throughout the year. You might even see posted images submitted by your friends and neighbors (or even you!).
