The use of Therapy Pets in hospitals, rehabilitation centers and nursing homes has been shown to decrease anxiety, lower blood pressure and promote relaxation; the same premise applies to children with reading difficulties.

For those children who cannot yet read on their own, parents & caregivers are invited to read with their children. In order to guarantee your spot, you must register for each session.

Registered children should arrive during the advertised time span and will read to the dog of their choice for approximately 15-20 minutes.
