Destination Imagination Meeting for Parents and Students

Destination Imagination is an internationally acclaimed program for students from kindergarten through college. Students work in small teams for several months to solve a Team Challenge in an imaginative and entertaining manner. These Challenges include both artistic and technical elements, and the end result is part performance, part science project, and part sporting event. There will be an informational meeting for interested families at Wilkins School on Wednesday, October 29 at 7:00 pm. Children are welcome to come for fun, crafts, and games that will give them a preview of what it would be like to be a member of a DI team. For information contact Craig Richardson (673-7299 or craig.richardson@yahoo.com).
